H.F. 1369 provides \$250,000 to College Possible for programs that encourage college admission and graduation by providing low-income high school students with intensive coaching and support.

The bill places the following requirements on College Possible:

- To the extent possible, it must distribute the appropriation equally between greater Minnesota and the seven-county metro.
- It must use the appropriation for programs supporting Minnesota residents only.
- It must submit a report to the higher education and E-12 committees of the legislature by February 1 of each year.

The bill is structured as an appropriation to the Office of Higher Education for immediate transfer to College Possible.
